

CHILD RIGHTS POLICY

Children are our future. Recognizing them as individuals, respecting their rights, and protecting them from all forms of psychological, physical, commercial, and other forms of exploitation is our primary responsibility.

To ensure this, we:

- Do not allow child labor in our own institutions and expect the same sensitivity from all our business partners.
- Provide environments/opportunities within the company that contribute to the development of children, where they can freely express their thoughts, desires, and feelings, and feel free and comfortable.
- We provide training to our employees on preventing and recognizing child abuse.
- We ensure that children are under adult supervision during activities they participate in.
- We organize training sessions to raise awareness about the protection of children's rights and support relevant projects.
- When we witness suspicious behavior involving children, we first inform hotel management and, if necessary, seek assistance from official authorities.
